KAOSPILOTS
application form

Dear applicant

Thank you for taking the time to apply to our school

Let us try to guess who you are:

You are a young man or woman who is seeking a change in your life. You want to learn. You want to develop your skills and your potentials. You are curious and seek new challenges and experiences. Maybe you have studied at a university, travelled around the world, started your own business or worked in different fields?

Now you are considering spending three years of your life at a school located in Denmark...together with other highly motivated people who want to make a difference.

You are willing to take the first step by answering this application. And maybe in the process it will become a little clearer to you whether this is the right place for you. We hope so!

We are looking for your potential – and when you start to answer the questions on the following pages this will hopefully show. Before answering we want to give you a few but important advices. Be yourself as best as you can. Enjoy this application – even if it gets frustrating – enjoy the frustration. Enjoy the fact that you are who you are! What we're trying to communicate is: Do not waste your time trying to be what you think we want you to be.

Deadline for this application is Friday March 14 at 12.00 where we must have your application at the school in Aarhus. Applications arriving after that time will only be accepted if they have a postal stamp dated no later than Monday March 3rd.

The second step in applying to The KaosPilot School involves a workshop for a selected number of candidates that takes place in Aarhus in April 24 and 25 (both days). At the workshop you will learn more about the school, and hopefully more about yourself. And after that, you might be admitted to the three-year program. This application is your chance to be invited to the workshop – and you will be informed by E-mail on whether you have been accepted to the workshop or not on Tuesday April 5th. The cost of attending the workshop is 750 Danish Kroner, this fee covers food and miscellaneous during the two days.

The school is now 17 years old. Many stories, adventures, projects, frustrations, lessons have evolved over these years. And there are even more dreams and hopes for the future. Maybe you are about to become a part of that future.

We look forward to hearing from you and wish you good luck!

Creative Assignment

How imaginative are you?

Create attention to what the great burning question is in your generation.

Your question must be presented NON-VERBALLY in a video.

Next you have to answer your burning question through 3 perspectives:

FIRST PERSPECTIVE: What company or business would be the answer to your question

SECOND PERSPECTIVE: What NGO or social movement would be the answer to your question

THIRD PERSPECTIVE: What education would be the answer to your question

Do this by uploading a video of maximum duration of 100 seconds to one of the many Internet communities. The 3 perspectives must be shot in front of a black background.

The choice of Internet community indicates something about you. Therefore choose the communities that represent you and your beliefs the most.

Your uploaded file must be named: kaospilot_application_(your name)
